B. JOSHUA DANIEL

Frontend Developer | Angular Developer

Madurai, Tamil Nadu, India | 9789405333 | joshuadaniel.dev@gmail.com

Portfolio: joshuadaniel.netlify.app | GitHub: github.com/Joshgit25

PROFESSIONAL SUMMARY

Frontend Developer with 1.5 years of professional experience building responsive and dynamic web applications using Angular, TypeScript, JavaScript, HTML5, and CSS3. Experienced in developing reusable components, creating user-friendly interfaces, integrating REST APIs using Angular HttpClient and services, and managing application state and navigation with RxJS, routing, and route guards.

TECHNICAL SKILLS

Frontend	Angular 19, TypeScript, JavaScript, HTML5, CSS3, Bootstrap 5, RxJS, Responsive Web Design, Angular Material
Angular	Standalone Components, Data Binding, Directives, Services, Dependency Injection, Routing, Route Guards, HTTP Client, HTTP Interceptors, Reactive Forms
API Integration	REST API Integration, CRUD Operations, JSON Handling, HTTP Methods, Error Handling
Backend	Node.js, Express.js, JWT Authentication, Role-Based Access Control, Rate Limiting
Database & Tools	MySQL, Sequelize ORM, Git, GitHub, Postman, Netlify, VS Code, Linux (Ubuntu)
Blockchain	MetaMask wallet integration, ethers.js (familiarity)

WORK EXPERIENCE

Angular Developer & Node.js Developer Feb 2025 – Jul 2026

Spiegel Technologies, Madurai

- Developed responsive application screens and reusable Angular components using Angular 19, TypeScript, HTML, CSS, and Bootstrap.
- Built dynamic Admin and User interfaces with data binding, Angular services, routing, and component-based architecture.
- Integrated REST APIs using Angular HttpClient; handled HTTP requests, JSON responses, loading states, and API errors.
- Implemented authentication flows using JWT, HTTP interceptors, route guards, and session management.
- Collaborated on full-stack features with Node.js, Express.js, and MySQL; tested APIs using Postman and managed code with Git and GitHub.

Frontend Developer Intern Nov 2024 – Jan 2025

Spiegel Technologies, Madurai

- Worked with HTML, CSS, and JavaScript through structured front-end development tasks and practical exercises.
- Built a Login Page, Registration Form, and W3Schools-inspired UI as part of hands-on training.

PROJECTS

E-commerce Web Application | Angular, React.js, Node.js, Express.js, MySQL, Sequelize, JWT

- Developed responsive product listing and detail screens with search, filtering, and category-based navigation.
- Implemented dynamic cart, wishlist, and checkout experiences for guest and authenticated users.
- Integrated frontend components with REST APIs and supported Admin and User workflows for product and order management.

P2P Trading / Prediction Market Application | Angular 19, TypeScript, HTML5, CSS3, Bootstrap, RxJS

- Developed responsive trading interfaces with market listings, market details, market options, and dynamic buy/sell interactions.
- Built reusable Angular components and user-friendly interfaces for separate Admin and User panels.
- Integrated backend REST APIs using Angular HttpClient and services; handled HTTP requests, responses, and dynamic data binding.
- Implemented routing, route guards, and HTTP interceptors to support protected navigation and authenticated API communication.

Personal Portfolio Website | Angular 19, TypeScript, Bootstrap, HTML5, CSS3

- Developed a responsive portfolio website to showcase technical skills, projects, and professional experience.
- Implemented dark/light theme switching, interactive UI components, and responsive layouts for desktop, tablet, and mobile devices.
- Deployed the application on Netlify.

EDUCATION

B.Com (Computer Applications) 2021 – 2024

The American College, Madurai | Score: 61%

CERTIFICATIONS

- Web Development (HTML, CSS, JavaScript) | CORIZO
- Diploma in C, C++ & Java | CCI Computer Education (A+ Grade, 83%)
